INFORMATION ON THE USE OF COOKIES

Cookies are brief information that is sent and stored on the user's computer hard drive through their browser when they connect to a website. Cookies can be used to collect and store user data while connected to provide the services that are requested and are not usually kept (session cookies), or to keep user data for other types of future services that can be kept indefinitely (persistent cookies). Cookies can be own or third party.

There are several types of cookies:

• Technical cookies that facilitate user navigation and the use of the different options or services offered by the web, such as identifying the session, allowing access to certain areas, facilitating orders, purchases, filling in forms, registration, security, facilitating functionalities (videos, social networks ...).

• Personalization cookies that allow the user to access the services according to their preferences (language, browser, configuration ...).

• Analysis cookies that allow anonymous analysis of the behavior of web users and that allow the measurement of user activity and the elaboration of navigation profiles with the objective of improving the websites.

• Advertising cookies that allow the management of advertising spaces on the web.

• Personalized advertising cookies that allow the management of advertising spaces on the web based on user behavior and browsing habits, from which your profile is obtained and allow you to customize the advertising displayed in the user's browser.

TOQUE DEL MAR S.L. uses technical, personalization and analysis cookies, own and from third parties, which in no case treat personal data, but capture browsing habits for statistical purposes. Therefore, when accessing our website, in compliance with article 22 of the Information Society Services Law, we have asked for your consent for its use.
